

CUPCAKE CASE FLOWERS

You will need:

- Cupcake liners
- Felt pens
- Straws
- Stapler

Step 1:

Flatten out your cupcake cases, and start decorating them with felt pens. You will need 3 cases per flower.

Step 2:

Once you have decorated your cases, pile them in 3's, and line them up on top of a straw.

Step 3:

Next, staple the cupcake cases to the top of the straw, and ruffle the middle one. Make as many as you want to make a bouquet!
